

## The Clock Tower: Issue 10, May 2008

### *Instructions for the printing of the folded A5 version*

Printable artwork of 30 A4 landscape pages is included separately.

The publication is to be printed landscape style and on both sides to create 15 A4 pages which are then folded to A5. The publication will have a total of 60 A5 portrait style pages.

Pages have not been numbered this time in order to squeeze more information in.

First, print off the odd pages (A 4 sheets 1-29). When all the pages have completed printing, turn the pages over and print the even numbered pages (A4 sheets 2-30) on the reverse.

For example:

A4 Page 1 (from left to right: page 60, back page, Witheridge's Witterings and page 1 front page, FOMA at the London Marathon!)

to have printed on reverse

A4 Page 2 (from left to right: page 2, About *The Clock Tower* and page 59, which starts, "The ability for researchers...")
